The International Geoscience and Remote Sensing Symposium (IGARSS) is the flagship conference of the IEEE Geoscience and Remote Sensing Society (GRSS). It is aimed at providing a platform for sharing knowledge and experience on recent developments and advancements in geoscience and remote sensing technologies, particularly in the context of earth observation, disaster monitoring and risk assessment.

On behalf of the IEEE GRSS and the IGARSS 2022 Organising Committee, we are pleased to invite you to the 42nd annual IGARSS symposium, which will be held in hybrid format. We welcome you to join us physically at the conference venue, Kuala Lumpur Convention Centre (KLCC) or virtually via our online platform.

ORGANIZING COMMITTEE

General Chair: Hein Teik Chuah
Co-Chairs: Azlikamil Napiah
Technical Programme Co-Chairs:
Tat Soon Yeo
Hong Tat Ewe
Xiaofeng Yang
Tuong-Thuy Vu
Yee Kit Chan
Voon Chet Koo
Faidz Abdul Rahman
Kasturi Devi Kanniah
Nurul Hawani Idris
Thoan San Kay
Dinesh Sathyamoorthy
Sharon Jacqueline Albert Wilson
Gee Khing Khor
Gobi Vetharatnam
Zulkiflee Abdi Latif
Alvin Lau Meng Shin
Danny Ng Wee Kiat
Nurul Hazrina Idris
Sponsorship Chair:
Shazmin Aniza Abdul Shukar
Education and Outreach Co-Chairs:
Faidz Abdul Rahaman
Nur Fatin Irdina Zulhamidi
Boon Huang Lim
TIE Forum Co-Chairs:
Yu Jen Lee
Chia Ming Toh

IGARSS 2022  17 - 22 July 2022
IGARSS is a premier event in remote sensing and provides an ideal forum for obtaining up-to-date information about the latest developments, exchanging ideas, identifying future trends and making networking with the international geoscience and remote sensing community.

### General Themes
- Data Analysis Methods (Optical, Multispectral, Hyperspectral, SAR)
- Cryosphere
- Data Management and Education
- Land Applications
- Atmosphere Applications
- Ocean

### Special Scientific Themes
- UAV and Drone Based Remote Sensing
- Remote Sensing and Disease Control
- Remote Sensing in South East Asia and Developing Countries
- Remote Sensing for the Sustainable Development Goals

### STUDENT PAPER COMPETITION
IEEE Geoscience and Remote Sensing student members are invited to submit a paper to the IGARSS Student Paper Competition. The selection of the finalist papers will be done by a committee of experts, and the selected students will present their papers during a special session at the Symposium.

### PUBLICATION OF PROCEEDINGS
Accepted papers will be published in the proceedings on IEEE Explore only if presented at the Symposium by one of the listed authors duly registered.

### PAPER SUBMISSION
Authors who wish to give a presentation are requested to submit a paper (minimum of two pages; maximum of four pages). A link to submit the paper online will be available at the Conference website beginning November 17, 2021.

### WELCOME TO KUALA LUMPUR
Kuala Lumpur is the stunning capital of Malaysia. The city is a place where a variety of culture is infused into one melting pot to offer a unique experience to visitors. With modern skyline and world’s most iconic structures in the background, Kuala Lumpur is also Malaysia’s largest city. Having achieved its city status in 1972, Kuala Lumpur is now a prosperous city housing about two million people. With a tropical rainforest climate, Kuala Lumpur’s temperature is constant, nice and sunny, throughout the year. The nights are pleasant with temperature dropping a few degrees. Kuala Lumpur is definitely a place where everyday fun and world-class sophistication meet to create a unique destination for travellers, filled with Malaysian charm and friendliness – with greetings of “Selamat Datang” (Welcome) everywhere you go.
